SSC/10TH - 73.40%

Karmaveer Annasaheb Jagtap Vidyalay, Karmala , Solapur 2021

HSC/12TH - 60.83%

Mahatma Gandhi Jr. College , Karmala ,Solapur 2023

BE- Information Technology

PDEA's COE, Manjari(BK),Pune 2027

SKILL

Languages

• Python • JavaScript • TypeScript • Java • SQL • HTML • CSS

Frameworks

• FastAPI • Django • Flask • Next.js • React • Vue.js

Database

• PostgreSQL • MySQL • SQLite • MongoDB

Tools

• Git • GitHub • Vercel • Docker • Supabase • Firebase • Render

PROJECTS

Real-Time Secure Chat Application

- Developed a full-stack, end-to-end encrypted messaging platform supporting 1-to-1 and group conversations using FastAPI and Vue.js.
- Implemented secure, passwordless authentication using phone numbers and OTP verification.
- Engineered real-time features including typing indicators, presence tracking, and instant messaging via WebSockets.
- Integrated multimedia support for image lightboxes and voice messages, ensuring a seamless and secure UI/UX.

Perfect-Stay | Hotel Booking & Management System

- Developed a full-stack hotel booking system using Flask, SQLite, HTML, and CSS, enabling seamless room browsing and reservations.
- Engineered a booking workflow with backend validation and persistent storage for efficient data handling.
- Integrated automated email confirmation system using Python SMTP for improved user experience.
- Implemented secure online payments using Razorpay Payment Gateway, enabling seamless and reliable transaction processing.
- Designed a structured database schema for managing hotels, bookings, and customer data.
- Optimized application structure with reusable templates and modular backend architecture.
